

| Education Conference 7 - 9 February 2019, | **the identity question** |
Sierra Hotel, Randburg

“Blessed is the one who finds wisdom, and the one who gets understanding.”
Proverbs 3:13

The Association of Christian Schools International invites you to attend a conference that boldly opens the discussion of Identity. We aim to help with the change of philosophy, theology and legislation around LGBTQ and Identity. As we seek to understand through quality information, research and testimony, we hope to assist schools to discern their respective standpoints and then implement policy and strategy accordingly. We will openly and honestly consider contributions under the following headings without expecting to promote any particular viewpoint:

- 1. Understanding what God says about Identity**
Unpacking Scripture and discerning what God says
Personal testimonies
- 2. The stand of the church**
How are various denominations of churches handling Identity
- 3. The physiological/medical facts and conclusions**
Exploring the physical factors that may affect Identity
- 4. The legal side of identity and discrimination**
What does the South African law say about Identity?
- 5. The activist standpoint**
Exploring the views and testimonies of the various Identity groups
- 6. Where Christian education stands**
Guiding our schools to manage their individual standpoint

Guest speakers include:

- Advocate Nadine Badenhorst – Legal counsel, Freedom of Religion SA
- Afrika Mhlope – Pastor, speaker, author: Good News Community Church, Port Elizabeth
- Alexander Venter – Pastor, author: Vineyard Church, Johannesburg
