Reneè holds a BCom Honours in Financial Planning, acquired through the university of Johannesburg, after completing a BCom Finance degree. She is a senior financial planner at Edge Wealth in the Johannesburg based office, with a focus on holistic financial planning for both individuals and juristic entities. Reneè services clients across the country as well as internationally. A main driver behind her work in financial services is education, a lot of time is spent educating people around the importance of various personal financial aspects – knowledge is power. In her spare time, she is a passionate equestrienne, reader and spends time working with and supporting various charities.

Edge Wealth is an independent financial solutions company, started in 2016. We provide individuals and companies tailor made investment, retirement and risk solutions. Decisions and portfolio construction are made with the clients' need at the centre, resulting in the required outcome and cost being the main drivers behind our work. Edge Wealth forms part of the Edge Financial Group (founded in 2001), with the head office based in PE. The Edge Financial group allows access to specialists in various departments, such as medical aid, short-term insurance, etc. Edge Wealth is audited by Moonstone for compliance. FSP number: 45840.
